Travel Checklist

A Few Things to Know Before We Go to India

As we prepare for our Curious James adventure, here are a few little tips and a checklist to help you feel ready for the journey ahead.

November is a wonderful time to explore India, particularly Rajasthan, but the days can be warm and the mornings and evenings surprisingly cool. Pack a few light layers so you can comfortably adapt to the changing temperatures.

We recommend bringing Travel Lan, a natural product that some travellers use before meals. Please check the product instructions and suitability for you before travelling.

A few important reminders:

Double-check that your **passport is valid** and that you have your India visa organised.

Closed-toe walking shoes are highly recommended when we're out and about exploring streets, markets and historic sites.

Pack light and leave a little extra room in your suitcase for all the beautiful textiles, treasures and special finds you'll discover along the way!

Most importantly, bring your curiosity, a sense of adventure and a willingness to embrace the unexpected. India is a feast for the senses, and we can't wait to share this wonderful experience with you.

Happy packing — our Indian adventure awaits!

🇮🇳

Travel Checklist
